

# Download Applied Technologies Study Guide

The Associate Degree of Applied Technologies has a focus on 'Industry 4.0' – the fourth industrial revolution. Industry 4.0 aims to see significant production and efficiency dividends and to ultimately deliver improvements in quality of life and environmental outcomes. In this lesson, we look at the difference between basic and applied psychological research and discover why there is a separation. Through examples, we'll answer the questions, 'What is the ...Related information.
